

5th CTO LIVE 2011

Saturday, January 8, 2011

Asan Medical Center, Seoul, Korea

This practical symposium has drawn a lot of attention from the interventional cardiologists and has been a great opportunity to share the recently advanced techniques and know-how in dealing with the devices through the 'Intensive live case demonstrations' by invited operators from Japan.

Highlights

- **Invited Operators from Japan**
- **Live Case Demonstrations:** Advanced Operator Techniques & Novel Devices
- **Meet the Experts:** Case Presentations & Reviews
- **Special Lectures:** Technical Tips & Tricks to Optimize Procedural Success
- **Exhibit:** Presenting the Cutting Edge Devices with 400 attendees

Call For Case

All selected case presenters will be invited as a **Faculty Member of CTO Live 2012** and get a Free registration. Presenters will make a case presentation at the *Lunchtime Activity session of Meet the Experts-Challenging Case Presentations*.

- Submission Dates : **Aug. 10 (Tue.)~ Oct. 30 (Sat.), 2010**
